

Kickbike Biathlon

Kickbike Biathlon is our own take on, you guessed it, biathlon. We simply replaced the nordic skis with big wheeled-kickbikes and the rifles with air rifles. Participants split up into teams as we start off with some target practise and a quick brief on how to handle the kickbikes. The competition will include an obstacle course where kickbikes must be maneuvered through, leading up to a station where the rifles awaits. Make sure to hit the targets, as a penalty lap will be handed out for each strike. Intensity can be high but in the end, staying cool might be the most favorable. The fastest team will be the winners of the day.

Duration: About 1 hour

Personal equipment: Weather appropriate clothing

Type of activity: Outdoor

Participants: From 4 - 60 people

Price excluding VAT: Entry fee 4 500 SEK + 350 SEK / person.
